

# Weekend Enrichment & Respite Program

*Caregivers rest while their  
loved ones learn!*

UCR, in partnership with OASIS Farm, is thrilled to offer a one-of-a-kind respite program.

Attendees will spend 4 hours learning and practicing vocational, communication and fitness activities. All classes will be taught by trained and certified special education teachers, assisted by adults and volunteers with extensive experience in the special education field.

Our hope is that our adults can take their skills to the workforce.
